THE ROTARY CLUB OF CHISLEHURST SEPTEMBER 2011 NEWSLETTER

A Man Enjoying Rotary In the Chislehurst Area

LOGO COPYRIGHT

RIBI have arranged with The Olympic organisers to use the Olympic logo along with the legend 'Inspired by' in relation to some Rotary activities, mostly Youth Activities, (Young Chef, Young Musician etc.) But if the Club wants to use the logo on anything, it has to be from the official source. Here is a quote from a letter from RIBI

Please make all your clubs aware that the only documents that can bear the "Inspired By" London 2012 logo are those produced by RIBI with the logo already added. These will be downloadable from the RIBI website.

This also refers to any use of the Rotary logo in any thing we produce. It cannot be amended in any way.

FISHING PROJECT

David Brown has received a photographic report of the first month of the project. To print them in the bulletin will cause some members computers to spend too long in downloading said bulletin, so please contact David directly if you wish to see them.

The CHISLEHURST SOCIETY is holding a Forum on the Town centre. Ben Hamilton-Baillie, the well-known traffic and urban design consultant, is a guest of the Chislehurst Society for the afternoon of 19 September 2011. There is limited space available and it has been announced by President Jan. There are two meetings:-

2.30pm, for a meeting with Chislehurst Society Executive, members of the Chislehurst Town Centre Management Group, Ward Councillors, Portfolio Holders and appropriate Council Officers, Trustees of the Commons, Chislehurst Rotary, and Chislehurst SNT. This meeting will be at The Society's first floor meeting room behind the Methodist Church on Prince Imperial Road.

THERE IS LIMITED SPACE AT THIS MEETING SO PLEASE LET JANICE KNOW IF YOU WISH TO ATTEND THIS MEETING,

5pm for an open meeting of members of the Chislehurst Society. This meeting will be at the Methodist Church Hall.

The focus of the meetings will be on understanding how recent developments in traffic design in the UK and Europe, particularly for small towns, might be of benefit for Chislehurst. The discussion will almost certainly widen to include a range of proposals to improve the quality of the High Street experience generally.
